24-25 Trend Summary

Interior design trends suggested by Hyundai L&C

The theme of Hyundai L&C’s 24-25 Interior Design Trend Seminar is ‘HYPECORE’, which sets a specific world view and is deeply immersed in it for one’s own pleasant satisfaction even in the era of uncertainty called the economic crisis. We look at the redefined priorities of consumers and propose designs that provide satisfaction from a long-term perspective. We look at the lifestyles of consumers who are trying to balance financial challenges and their tastes, and see which trends we should focus more on.
